Deliberative Process/Ex. 5 I think this question would have to be answered by the Region. I have copied Shahid in case he has any additional insight. - Dana

Hi Dana,

This question is still outstanding. Do you know who prepared this document or if there is someone that we can follow-up with about it?

For reference, the request is for the MM-DD-YYYY that the below drawing was prepared. At this time, all we know about the drawing is that it was made in 2015.

The internal review team did not have a specific date for the drawing being asked about. They only knew it was a 2015 document. - Dana

Hello,

I received this inquiry from the EPA Call Center. Can you advise if we have a date for this document in the Internal Report, and if we do, can we release it?

Thanks,

Cynthia Peterson

Hi Cynthia,

I think because of your out of office email message that says to contact me I am now getting emails regarding questions regarding the GKM. Since I'm not engage directly at this point and unfamiliar with the process on the ground I plan to redirect any GKM emails to you unless there is a PIO that's specifically assigned to community relations. Let me know. Thanks, Libby

Hello Libby,

I emailed Cynthia Petersen and was redirected to you as our Region 8 contact for questions from the Gold King Mine Hotline. I appreciate any help you can provide.

I received a call through the hotline today from a Mr. John Wright, who had a question regarding the Internal Report released by EPA. Mr. Wright would like to know the date in MM-DD-YYYY of the drawing in the attachments to the report, following the heading page Gold King Mine, 2015, EPA Working Assumptions (link below).
